

**Bathampton Primary School**  
*Together on a learning adventure*

Head teacher: Mr Paul Falkus B.A. (Hons)

January 2018

Dear Parents

As part of our topic Science topic on 'Our Body' I have arranged a trip to Wagamamas.

The children have already learnt about different types of food and eating a balanced diet. They have also designed and made a healthy sandwich. This visit will give the children a chance to sample a different kind of food that is both nutritious and tasty. They will also get to see how the food is prepared.

Although Wagamamas do not charge for this trip, we will have to pay for the coach. The cost of this will be £3.00 per child.

The trip will take place on Thursday 8<sup>th</sup> February. We will be leaving Bathampton Primary School at 9.15am and return by 11.45am. If you would like to help with this trip please do let me know.

Please let me know of any dietary requirements, by sending a note into the office or talking to me personally by 29<sup>th</sup> January so I can give the chef advance notice.

Many thanks

Mrs Wood  
Class Three teacher
