July 2017

Class Five and Class Six E-safety session at St. Stephens

Dear Parents,

On Wednesday 12th July, Classes Five and Six will be visiting St. Stephen's Primary School to participate in an e-safety session led by Karl Hopwood, an E-safety specialist.

This discussion will include cyberbullying, the challenges of going online, passwords, online reputation, privacy settings and passwords, copyright and plagiarism, and how technology can impact on our health and wellbeing, in addition to other important points.

The children will leave school at 9:00am and will return before lunchtime.

If you are able to assist us with the trip then please let Miss Malone or Mr Leonardi know.

Kind regards,

Paula Malone
Class Six teacher

David Leonardi
Class Five teacher

Tyning Road, Bathampton, Bath, BA2 6TQ
