

What if you fall into ?

What if you fall into the sea?

I would see a lot of fish staring at me.

What if you fall into a pile of leaves?

I would see a lot of bugs staring at me.

What if you fall into a tornado?

I would see a lot of houses and maybe some mashed potato.

What if you fall into a giant bottle of lemonade?

I don't think it would ever be made.

What if you fall into extreme land?

I am not sure everyone would stand.

What if you fall into the Nile?

I would watch out for reptiles.

What if you fall into a cat?

Inside will have a mat.
